

MARINA OF THE MONTH
TORQUAY MARINA
 TORQUAY, UK

Head west and discover a friendly marina with stunning cruising options and receive free berths in other Med & UK locations

Torquay is a bustling holiday resort and the marina offers first-rate facilities and 440 berths

This MDL marina sits in the heart of a mouth-watering stretch of snug coves, sandy beaches and idyllic towns

Torquay Marina is an easy cruise to West Country favourites such as Dartmouth and Salcombe

Torquay offers all the attractions visiting boaters could wish for

Snug and safe in all weathers, sheltered from prevailing winds

The popular Cary Arms, which overlooks stunning Babbacombe Bay

Set in the north-east corner of Tor Bay and sheltered from the prevailing south-westerly winds, MDL's Torquay Marina provides a safe haven for boats in all weathers. With modern facilities and superb blue-water cruising, it's popular with yachtsmen from home and overseas. This 440-berth facility has been awarded five Gold Anchors by The Yacht Harbour Association, the highest possible award from the most prestigious marina rating scheme in the world, guaranteeing excellent service, helpful staff and first-class facilities.

LOCATION

Tor Bay is itself a pretty cruising area that's anchored by the charming town of Brixham in the south. Ideally located not far from the end of the M5 motorway, the marina is surrounded by some of the UK's most enchanting countryside. The Dartmoor National Park is a short drive away, as are countless idyllic Devonshire towns. Getting to the marina from the Midlands is a straight shot down the M5, while driving times from London are roughly three and a half hours. The town of Torquay is a gem of the English Riviera that's popular with visitors from the UK and overseas with plenty of fine dining within easy walking distance of the marina.

CRUISING

This MDL marina sits in the heart of a mouth-watering stretch of snug coves, sandy beaches and stuck-in-time towns. Tor Bay offers a great selection of anchorages, including Babbacombe Bay, Fishcombe Cove and Goodrington Beach. The delights of Brixham are within easy reach, as are the picturesque havens of Dartmouth and Salcombe, which you could happily spend a whole season

exploring. A little down the coast you'll reach Plymouth, with treats like Newton Ferrers and Cawsand Bay. If your horizons are a little broader, the marina is also conveniently placed for the journey across the Channel to Brittany, Normandy and the Channel Islands.

FACILITIES

Torquay Marina has 440 berths for boats up to 30 metres. Diesel is available just across Tor Bay at Brixham Marina, another MDL facility, while petrol and LPG are available in Torquay Harbour itself. At the marina there's a laundry, Wi-Fi, secure car park, restaurant and sandwich bar. MDL also runs Dartside Quay Marine Service Centre, just six miles away, where more serious servicing and maintenance facilities are available, including a 65-tonne boat lift and various specialist marine trades. MDL customers can also take advantage of its Freedom Berthing scheme, which allows berth-holders to stay for free at other MDL marinas in the UK, Spain and Italy. Additionally, 55 marinas along the north-west coast of France are open to berth-holders at no additional cost through the Passeport Escales scheme.

BERTHING COSTS

The facility is perfectly located for exploring Cornwall and Devon and as free berths in France, Spain and Italy are included in the berthing package, Torquay Marina is a seriously tempting proposition. Annual pontoon berths are available for as little as £3,938 or 12 monthly payments of £338, based on an 8m boat in the main marina. [MBY](#)
