Line 3, No. 3  $\frac{1}{2}$ , 36°33'17N 06°18'14W, amend: 36°33'15N 06°18'31W. *Ed note: correction in Jan update not correct*

**CHAPTER 5 - TIDES**

**201, WALTON-ON-THE-NAZE**, under River Crouch add:

Burnham-on-Crouch

51 37N 0 48E +0050 +0035 +0115 +0050 +1.0 +0.8 -0.1 -0.2

*Ed Note(2): Some readers have commented on the omission of tide tables for Burnham-on-Crouch in the 2010 edition of the Small Craft Almanac. This is because Burnham is no longer a Standard Port in the Admiralty Tide Tables (ATT). In the interests of accuracy, therefore, we have now included Burnham as a Secondary Port to Walton-on-the-Naze, as shown in ATT.*

**215, SAINT NAZAIRE**, 6th para, line 6, High Water +0030, amend: -0040; High Water -0040, amend: +0030.
